EDUCATION

Delhi Technological University **2022 - 2026**
*B.Tech (**Software Engineering**) - **CGPA** - **7.52*** *Delhi, India*

EXPERIENCE

Yubi (Aspero Markets Pvt. Ltd.) **July 2026 – Present**
Software Engineer | *Java* | *Spring Boot* | *Microservices* *Bengaluru, India*

- Re-architected the **payment flow** to fix legacy bug of one transaction to multiple payment attempts in **Razorpay integration** flow and improved the payment flow to reduce **multiple hop to reduce the payment drop off rate to 15%**
- Migrated the entire payment lifecycle to a durable **Temporal workflow** and decommissioned the cron reconciliation jobs , hardening **fault-tolerance and correctly handling payment-failure edge cases** (late authorization , pending , expiry) which schedulers jobs were not handling properly
- Decoupled the shared primary_users table across the B2C and B2B services to enforce single-service ownership , permanently **eliminating the duplicate-user and 401 forced-logout defects** instead of patching them in application code .
- **Designed and implemented distributed tracing** and **RUM (Real User Monitoring)** across a polyglot microservices architecture to capture logs and user interactions from client-side requests , enabling rapid diagnosis of various production issues which improves **end-to-end observability**

Clear (formerly ClearTax) **January 2026 – Present**
SDE Intern | *Java* | *Spring Boot* | *MongoDB* | *Lombok* | *Microservices* *Bengaluru, India*

- **End-to-end development** of compliance-critical e-invoicing and IRN verification services across multiple microservices on a multi-tenant platform serving India and GCC tax regimes.
- **Refactored MongoDB Atlas Search** query paths to support multi-value lookups, replacing multiple regex scans with a single indexed `$in` query, enabling bulk invoice searches of up to **1,000** documents per request and reducing **query fan-out by nearly 99%.**
- Implemented **event-driven processing** with **Apache Kafka** for asynchronous, decoupled communication across microservices, and ensured reliability of critical compliance flows through comprehensive **JUnit** unit testing.

PROJECTS

NaukriClear | Spring Boot, React, PostgreSQL, Redis **Live Link**

- Scaled a **job tracker platform** to **1700+ users** using **Spring Boot, React, PostgreSQL, Redis, and Cloudflare R2 with OAuth2** authentication and a Chrome extension for auto job tracking.
- Engineered a community module with **interview experiences, resume reviews, referrals, and Q&A** using slug-based routing,**Redis rate limiting, and dual-layout rendering** for public and authenticated users.
- Designed a **resume vault** with presigned URL uploads, 5-slot lifecycle management, encrypted session tokens, and **Neon serverless Postgres connection pool** tuning to handle idle connection drops.

VeloCity - Ride Hailing Platform | Java | Spring Boot | React **Source Code**

- Engineered **real-time driver matching** using **Redis geospatial indexing** within **5km radius**, reducing ride assignment latency by **60%**.
- Developed **wallet-based payment flow** with **atomic transactions** and **Flyway migrations**, ensuring data consistency across **5 microservices**.

TECHNICAL SKILLS

- **Languages:** Java, C++, JavaScript, TypeScript, Python
- **Developer Tools:** Git, CI/CD (GitHub Actions, Jenkins), GitHub, Amazon Web Services (AWS), NGINX, Docker
- **Core Knowledge:** Data Structures & Algorithms, OOP, DBMS, Operating Systems, Computer Networks, System Design, Automated Testing, Debugging
- **Technologies/Frameworks:** Spring Boot, React, Next.js, NestJS, Express, Prisma, Mongoose, PostgreSQL, MySQL, MongoDB, Redis, Kafka, JUnit

ACHIEVEMENTS

- **Expert - Top 2%** in India at CodeForces with **Max Rating 1637**; Username - **Jaan_Mustafa**
- **Knight - Top 3%** at LeetCode with **Max Rating 1947**; Username - **Azad1911**
- Secured **Global Rank 340** at LeetCode Weekly Contest 435 out of over 32,000 participants
- Solved **1000+ problems** on platforms including CodeForces, CodeChef, GFG, SPOJ, LeetCode
- **Mentored 50+ students** as part of **Bharat Saarthi**, providing academic guidance and career mentorship to support their learning and growth during my college years.
